

Instructions for Fellowship Time

All the coffee stuff is stored upstairs in the cupboards in the Gathering Space. The large coffee urn is for regular coffee; make 20 cups-not 50! The smaller 12 cup percolator is for decaf.

The electric water kettle is for tea. You can fill everything with water from the sink. We're not setting up any tables in the middle of the room, so keep the coffee on the counter. Outlets are right there-just plug everything in and you're good to go!

There's a small refrigerator under the cabinet.

The cupboards are labeled inside the door with pictures so you know where to find and store stuff!

In the cupboard you'll find sugar packets and a powder creamer.

I suggest bringing a plate of cookies from home. That way, you need don't need to clean anything or haul anything from the kitchen. Again, just put the food on the counter.

I also want to encourage people to have a cup of coffee before church, so please have everything ready to go.

Communion Stuff:

Grape juice for communion comes in plastic bottles. One is enough. For bread we use King Hawaiian sweet round loafs. Communion stuff is stored in the cupboard in the Gathering Space.
